CHAPTER I

FILM CENSORSHIP

INTRODUCTION

1. India has the largest film industry in the world, making on an average of nearly one thousand feature films and nearly fifteen hundred short films every year.
2. Film production and exhibition occupies an important place in the field of culture as the most widely appreciated and democratic of the arts. Films play a significant role in shaping public opinion and in imparting knowledge and understanding of the lives and traditions of the people. The popular appeal and accessibility of films make them an important instrument of aesthetic education for broad sectors of the population.
3. Production of feature films in the country is mostly in the private sector. There is no government control or regulation during production, except in case of films produced by Doordarshan and National Film Development Corporation where they approve the story in advance.
4. The Central Board of Film Certification is, however, mainly concerned with possible unhealthy influence of the films on the viewing public.
5. Films can be publicly exhibited in India only after they have been certified by the Central Board of Film Certification. The Board, set up under the Cinematograph Act, 1952 consists of non-official members and a Chairman (all of whom are appointed by Central Government) and functions with headquarters at Mumbai. It has nine regional offices, one each at Mumbai, Kolkata, Chennai, Bangalore, Thiruvananthapuram, Hyderabad, New Delhi, Cuttack and Guwahati. The Regional Offices are assisted in the examination of films by Advisory Panels. The members of the panel are appointed by Central Government by drawing people from different walks of life like social sciences, education, legal, film making, art, etc. etc.
6. Films considered suitable for unrestricted public exhibition are granted 'U' certificates. Films which contain portions considered unsuitable for children below the age of twelve, but otherwise suitable for unrestricted public exhibition, are granted 'UA' certificates with a caution to parents to that effect. Those considered suitable for exhibition restricted to adults only are granted 'A' certificates, those restricted for exhibition to specialised audience such as doctors etc. are granted 'S' certificates. Films considered unsuitable for public exhibition are not granted certificates.

FREEDOM OF SPEECH AND EXPRESSION

7. India has a free press, and the same freedom applies to cinema, which is free enterprise outside the control of the Government, except the Films Division and Doordarshan which are aimed at education and information while entertaining.
8. The press in India is said to be the most free of control compared to other countries of the world, and the same applies to cinema.
9. However, neither cinema nor the press are separately listed in the constitution, all those freedom is a constitutional right. This is because Press and Cinema fall under the fundamental Rights Chapter of the Constitution, particularly article 19(1) (a) which says all persons shall have freedom of speech and expression. “The freedom of expression means the right to express ones opinion by word of mouth, writing, painting, picture or any other manner, including movies.
10. But this right is subject to “reasonable restriction” on grounds set out under Article 19(2) of the Constitution. Reasonable limitations can be imposed in the interest of the sovereignty and integrity of the state, friendly relations with foreign states, public order, decency or morality or in relation to contempt of court, defamation or incitement to an offence.
11. Thus the framers of the Indian Constitution felt it necessary to put certain reasonable restrictions in the larger interest of the community and country and strike a proper balance between liberty guaranteed and the social interests specified under Article 19(2). Furthermore, it is the duty of the state to protect the freedom of expression since it is a liberty guaranteed by it.
12. It is, therefore, clear that while the media print, electronic, film or any other, is free to express opinion and thought, it is only in the larger public interest that there should be some control however, miniscule.
13. Furthermore, since the reasonable restrictions are in public interest, it becomes the duty of the public to ensure that this freedom is not violated by the unscrupulous elements in society, bent upon misusing the liberty given to them by the State and the Constitution.

WHY IS FILM CENSORSHIP NECESSARY ?

14. While the media in our country is free, regarding films it is considered necessary in the general interest to examine the product before it goes out to the public because it is an audio visual medium whose impact is far stronger than that of the printed word.
15. Film censorship or certification is thus the end product of a process of pre-viewing of films and it includes a decision either not to allow a particular film for public viewing or to allow it for public viewing with certain deletions and alterations. Furthermore, it is for ensuring that people do not get exposed to psychologically damaging matter.
16. The Supreme Court in its judgement dated 30-3-1989 in Civil Appeal Nos. 13667-68 of 1988 relating to the censorship of the film "Ore Oru Gramathile" (Tamil) held that the film censorship become necessary because "a movie motivates thought and action and assures a high degree of attention and retention. It makes its impact simultaneously arousing the visual and aural senses. The focusing of an intense light on a screen with the dramatizing of facts and opinion makes the ideas more effective. The combination of act and speech, sight and sound in semi-darkness of the theatre with elimination of all distracting ideas will have an impact in the minds of spectators. It can, therefore, be said that the movie has unique capacity to disturb and arouse feelings. It has as much potential for evil as it has for good. It has an equal potential to instill or cultivate violent or good behavior. With these qualities and since it caters for mass audience who are generally not selective about what they watch, the movie cannot be equated with other modes of communication. It cannot be allowed to function in a free market place just as does the newspapers or magazines. Censorship by prior restraint is, therefore, not only desirable but also necessary".

WHO DOES FILM CENSORSHIP ?

17. The Central Board of Film Certification (Known till June 1, 1983 as the Central Board of Film Censors) was set up in Mumbai, with regional offices in some other cities (at present there are nine such offices in Mumbai, Kolkata, Chennai, Bangalore, Hyderabad, Thiruvananthapuram, New Delhi, Cuttack and Guwahati).
18. A Film Certification Appellate Tribunal (FCAT) has also been constituted under section 5D of the Cinematograph Act 1952 for hearing appeals against any order of the CBFC.

19. While the work of certification of films is a Central subject, the states have to enforce these Censorship provisions and initiate legal proceedings against offenders.
20. The organizational structure of the CBFC is based on the provisions of the 1952 Act and the Cinematograph (Certification) Rules 1983. The Chairman and members are appointed for a term of three years or till such time as the Government may direct. They comprise of eminent persons from different walks of life such as social sciences, law, education, art, films and so on, thus representing a cross-section of society.
21. The CBFC is assisted by the Advisory Panel in various regional offices which are headed by Regional Officers. The members of these panels are also representative of cross-section of society and interests. These members hold office till such time as the Government may direct but not exceeding two years. However, members can be re-appointed.
22. The CBFC has divided into Examining and Revising Committees to provide a two-tier system for certification of films. In the event of a difference of opinion in the Examining Committee or the applicant not being satisfied with the decision of the Examining Committee, the film can be referred to a Revising Committee.
23. An appeal against decision of the Board lies to the Film Certification Appellate Tribunal. The Tribunal is presided by a retired Justice of the High Court and includes four members.
24. The Certification Rules also apply to foreign films imported to India, dubbed films, and video films. The certification does not apply to films made specifically for Doordarshan, since Doordarshan has its own system of examining such films.

WHAT GUIDES THE CBFC IN ITS DECISIONS

25. Section 5B(2) of the 1952 Act lays down that in addition to the general guideline laid down in Section 5(B), the Government may issue “such directions as it may think fit setting out the principles which shall guide the authority competent to grant certificates under this Act in sanctioning films for public exhibition”.
26. These directions, commonly understood as guidelines, have been issued by the Government and have also been amended from time to time, keeping in mind the changes in social outlook and also the kind of films being made.

REFUSAL

41. During the year 2011, a total of 13 Indian Feature Films and 2 Foreign Feature Film were “Refused” certificates as they were found to violate one or more of the statutory guidelines issued by the Central Government under section 5B(2) of the Cinematograph Act 1952. Some of them were subsequently certified in their revised versions.

CENSORSHIP VIOLATIONS

42. The incidence of censorship violations at the stage of exhibition of films continued to be reported during 2011 also. Most of the cases of violations that came to the knowledge of CBFC and the Central Government related to interpolations. The censorship violations indulged in by sections of the film industry are broadly of five types viz. :

- (a) Insertion of the portions deleted by CBFC in films during public exhibition;
- (b) Insertion of portions not shown to the Board in a certified film;
- (c) Insertion of excerpts (bits) of objectionable contents in a certified film;
- (d) Exhibition of uncensored films, with forged certificates, and
- (e) Exhibition of films without censor certificates.

43. Under the Cinematograph Act, neither the Board nor the Central Government have power to enforce the Board's decisions at the time of public exhibition of films. The authority rests with the State Governments and Union Territory Administrations. The Board has, from time to time, impressed upon the enforcement authorities the need for an effective action in this regard.
44. During the year, 8 cases of interpolations in films were detected in various places and the reports were sent to the concerned Judicial Magistrate for necessary action.

COMPLAINTS

45. Complaints about certification of films were received from the public during 2011 as well. The complaints mainly dealt with the subject of sex and violence on screen. Most of these complaints were general in nature. Whenever a complaint of a film is received the comments of the CBFC and its report are sent to the Ministry for necessary action. Censorship is a controversial subject in which many decisions are subject to criticism. Such controversy is not about the cinema alone - it involves television, press, books, magazines, and even art. The public opinion as reflected in the press shows a tendency to polarize, with one group arguing vehemently for greater freedom in the film media, and another group arguing equally for more restrictive attitudes.
